DECLARATION OF MARGARET S. JACKSON

Honorable Commissioner of Patents
and Trademarks
Washington, D.C. 20231

Sir:

I, Margaret S. Jackson, hereby declare and say that:

1. I am supervisor of the staff for the Domestic File Room, Incoming Mail and Docketing Departments at the Washington, D.C. office of Pillsbury Madison & Sutro, LLP. It is my responsibility to supervise opening of all incoming mail to Pillsbury Madison & Sutro, L.L.P., including the Cushman Darby & Cushman Intellectual Property Group, and to docket the response deadlines for all papers coming from the Patent and Trademark Office.

2. As soon as mail from the Patent and Trademark Office is received, it is opened by the File Room clerks who locate the appropriate file and pass it on to the Docketing Department.

3. The Docketing Department then checks each Patent Office paper for a stated term

and docket the due dates by making an entry in the computer docketing system.

Furthermore, entries are made on the front of the file.

4. A copy of the docketing record for November 13-28, 1997 is attached as Exhibit "A", and a copy of the file cover is attached as Exhibit "B". It is apparent from the papers in our file of this application and the computer docketing system that no papers have been received from the Patent Office in this application as evidenced by the attached photocopies of the computer docketing of incoming Patent Office papers for November 13, 14, 17-21, 24-26 and 28 of 1997. It is noted that November 15-16, 1997 and November 22-23, 1997 were weekends and November 27, 1997 was a holiday. Weekend and holiday mail was received and docketed on the next business day.

5. The only document entered in this application based upon our records is the official filing receipt. Neither a Notice to File Missing Parts nor any other Official Action has been received by Cushman Darby & Cushman, Intellectual Property Group of Pillsbury Madison & Sutro L.L.P.

6. I declare further that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the

HUANG et al. - Appln. No. 08/882,499

United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Declarant:
